Cindy,

It is the budget org code which determines what pot of money is being utilized.
07WA will charge region 7. We have all of our employees charging to their home org

code for time. No costs will be charged to Region 6.

Thanks,

Teri

Terry, the site ID of A6LS will hit Region 6 costs and FTE, from what I understand. This needs to be corrected to hit a Region 7 account. The site ID should start with A7**.

Don't you agree??

This is the account number we are using for all the travel. Plan to have everyone use this PRC and Site Project Code for time (the budget org codes will be different).

Cindy --- I'm copying others here in R7 also working the finance side of this response.

Thanks,

Teri

Could you please tell me the account number you guys are using for this incident. They want to use it for Asset Tracker, nothing more.
